

Fiscal Year 2019 Highlights

“ *Insight is a very welcoming, warm environment for both the participant and their family members. The team always displays great care, which has really been wonderful to experience. I feel like my loved one is part of a very special family.* ”

FY19 at a Glance

October 2018

Insight was honored with a **Center of Distinction award** from the National Adult Day Services Association, recognizing us as a best-practice model for person-centered approach to care.

January 2019

Began **Friends of Insight** as a way for family members to stay connected to each other and the support they received from Insight, while also supporting the center and promoting our mission.

To best provide person-centered care, Insight **began the Transitions program** in January 2019 as a hybrid program to support the transition for participants between the early stage program and the day center.

February 2019

Our annual monitoring visit from the Virginia Department of Social Services was completely **deficiency free for the 8th year in a row** to renew at the highest level of licensure.

March 2019

Insight formally adopted the Dementia Friendly America Herndon program as we continue to **champion dementia friendly initiatives** in Fairfax County. An area-wide symposium was held to support this growing effort.

May 2019

Caregiving at a Glance, Insight's fingertip guide to caregiving, was revised in a brand new 5th edition, available free for family caregivers and through online booksellers.

Insight welcomed Scot Marken as **our first Chief Executive Officer**, as we work to expand our reach to serve more in need in the community.

June 2019

Insight **celebrated our 35th Anniversary!** We threw a community-wide 80s party where family members were invited to take a look back and celebrate an exciting future ahead.

Insight continues our work with George Mason University to spread the **Music & Memory program** across Virginia.

Began a partnership with Marymount University for an evidence-based best practice **balance program pilot study**.

131 volunteers and interns provided 4,367 hours of service. We partner with several universities to provide students with practical experience.
